

# **PUBLIC NOTICE**

City of Red Lodge  
Water and Sewer Service

Some of the recent changes to the Water and Sewer Regulations, specifically how sewer usage is calculated, may have been mis-interpreted by some utility customers. Although extensive information was made available to all affected parties, and all legal notice requirements were duly met, the City believes additional action is appropriate.

On August 25, 2015 the Red Lodge City Council approved Resolution 3395 which created a Grace Period to allow sewer utility customers to take action regarding their water metering and irrigation system plumbing. If your sewer bill went up substantially in July and/or August due to the recent changes, you may be eligible to take advantage of the Grace Period. The Grace Period is for the months of July and August 2015 only, and the rate credit may be applied for up until October 15, 2015.

Anyone interest in applying for a Grace Period Credit should contact Janie Michelcic 406-446-1606 - xt. 2.
