

Cemetery Board Minutes: September 6, 2016

Meeting called to order at 5:01pm at Red Lodge City Hall by Dan Gainer

Members present: Burt Douthit, Maryvette Labrie, Polly Richter, Jim Bushnell, Dan Gainer, Jim Hilderman

Members absent:

Minutes of August meeting to be presented at the next meeting.

Old Business: The Mausoleum is looking great. The roofer (Bradford Roofing) will need to finish work. Jim Bushnell reported that they are expected to begin work within the first two weeks of September.

Trail proposal – copies of the map were handed out. Dan Seiffert from the Parks Board will be invited to the next meeting that we have this on the agenda. Jim Bushnell expressed some concern with the proximity to the building. Question posed: Can the existing road be used? The Cemetery Board agreed that there should be a condition regarding that section of the trail and horses; horses shall stay on the roads.

Dan Gainer provided the board with a draft letter (attached). The Board made some minor changes as follows: (2nd paragraph, last sentence) – change “area” to “department”; add “of Red Lodge” following “City”. (under the summary, District Location) – change “As described in Exhibit A” to “ Election precincts 8, 9, 10 and 11, in and around Red Lodge”. (page 2, second paragraph, first line) – insert “(sixty)” after the number 60. (page 2, post script) – move to the body of the document in the last paragraph. (page 2, salutation) – change to “City of Red Lodge Cemetery Board, Board of the Commissioners of Carbon County and the Red Lodge City Council”.

There was discussion on the scheduling of various meetings in different locations, and with different service organizations so that the community has an opportunity to attend. The board determined that we will use every opportunity to notify the community of the meetings as is possible. Maryvette will check with Tina, at the City, and with Angela, at the County, on how the mailing will be handled. The envelopes will be provided by the County. There will need to be a date set on when the mailings will be prepared once the Board has confirmation when the mailings will be ready. There are 2074 names on the list provided by the County. The Commissioners will meet on Thursday morning and board members are encouraged to attend if possible.

Jim Hilderman excused himself at 5:30pm.

Staff Communications: Jim Bushnell will confirm the color sample for the roofing material to assure that it will match the oxidized copper of the mausoleum.

Meeting was adjourned at 5:40. The next scheduled meeting will be announced when the mailing items are prepared.

Minutes submitted by Maryvette Labrie

Dan Gainer – Chairman
