

# **Sustainability Board Meeting Meeting Minutes 11/6/19**

Wednesday, November 6th, 2019 -- City Hall Council Chambers

*In Attendance: Corey Thompson, Theresa Whistler, Deb Muth and Robin Adams, Energy Corps.*

## *Agenda:*

*We met at 3:00 pm to identify projects present in the Capital Improvements Plan (CIP) that fit into Energy Conservation Plan.*

*We discussed projects not already present that we would like to see included in the CIP.*

*We prepared recommendations for the City Council meeting when the CIP is on the agenda...probably not until Nov. 26, 2019.*

*To make it easier and less information overload, we meticulously matched up the Energy Corps Plan with the CIP, step by step. We were cautioned by James Cangelia to keep it perfectly short and sweet.*

*We adjourned around 5:00 pm.*

*Respectfully Submitted by,*

*Deb Muth, Sustainability Board Member*
